APPLIED SCIENCE

Course: Edexcel Pearson BTEC Level 3 National Diploma in Applied Science

WHY ARE BTECs SO SUCCESSFUL?

BTECs embody a fundamentally learner-centred approach to the curriculum, with a flexible, unit-based structure and knowledge applied in project-based assessments. They focus on the holistic development of the practical, interpersonal and thinking skills required to be able to succeed in employment and higher education.

This course is equivalent in size to two A Levels. 8 units of which 6 are mandatory and 3 are external.

Mandatory content (83%). External assessment (46%).

In order to prepare for the start of this course in September, you are required to complete the following transition tasks:

CHEMISTRY TASKS

Please print and complete these [Chemistry task sheets](#)

BIOLOGY TASKS

Please print and complete these [Biology task sheets](#)

PHYSICS TASKS

Please print and complete these [Physics task sheets](#).
