1 WELCOME

Message from the Headteacher

Welcome back to everyone, for those now starting a new school year and to families who have joined us for the first time.

Our trustees, the Society of the Sacred Heart have championed the education of young women over 180 years. The celebrations continue until December 2023.

The five goals of Sacred Heart Education are followed throughout the worldwide network of Sacred Heart schools, but we are the only school where the Society holds direct trusteeship. Its unique philosophy and Catholic ethos permeate all we do.

Every year we focus on an individual goal and this year we focus on the Goal of Personal Growth, with a renewed focus on extra-curricular opportunities, pupils' leadership opportunities and pupil voice.

Sacred Heart Education is rooted in the importance of relationships; recognition of the individual; building social awareness and the importance of standing up for others. Kindness and responsibility are at the heart of this, both towards one another and to others beyond our own community.

Our mission statement (which forms the basis of our vision for the students in our care) is shaped by the teachings and attitudes of Jesus Christ and underpinned by gospel values. This enables students to gain a real sense of what it means to belong to a community of faith. We aim to educate all students holistically, to be engaged in all aspects of their learning, mind and heart, body and soul. We prepare them to become positive role models, agents of change and leaders who will transform the world we live in, for the betterment of all.

At the heart of our community is our commitment to establishing excellent relationships to support an inclusive and positive learning culture, in which all students feel motivated, challenged and supported.

As part of this I am keen to ensure that we communicate effectively with our parents and carers. This new parent pack is part of our initiative to help you understand how we work and to ensure that you know where to direct your queries or concerns.

Mrs S O'Donovan

4 TIMING OF THE SCHOOL DAY

When does school open each morning?

Student ID Cards will not permit access to the school building earlier than 7.30am. This is to ensure that adequate supervision is available.

What time do students need to be in school by?

In line with the school's Attendance Policy:

Students should aim to be in school at 8.15am and will be marked late if they are not at school by the time the gate closes at 8.25am

By aiming to be in school by 8.15am students will reduce their chance of being late even if trains are slightly delayed or there is unusual congestion.

We need to teach punctuality, which is important in the world of work. Therefore unless there is [official notification from TfL](#) of transport disruption, students will receive an automatic detention for being late, irrespective of how late they actually are.

We ask that parents please do not call the school with explanations of what happened, trying to avoid the detention for their daughter in all but the [most exceptional](#) of circumstances (such as bereavement). If a student is a few minutes late because of a delay or congestion etc, then unless this is so bad as to be reported by TfL, we will view it as the normal unexpected occurrences which need to be considered when planning journeys.

Format of the Day for Y7, Y8, Y11 & Y13

Period 5	13.50 – 14.50
Afternoon Registration	14.50 – 15.00

What happens at the end of the day?

Students are required to leave the school promptly when registration finishes at 3pm.

Limited exceptions to this are shown below.

- Year 7-11 students may remain working only in the library or in ICT1 after school (for sixth formers it's the library or ICT2), but they must be off site by 5pm at the latest (via the Bute Gardens gate) **because their passes will time out at 5pm**. This is a safeguarding issue and relates to the availability of staff for supervision etc. Students may not remain on site to work in any other area of the school, unless supervised by a teacher. A bell will ring 10 minutes before 5pm.
- If students are attending a club, (including Homework Club) or sporting activity, their attendance will be registered. **Those attending clubs must depart from school premises as soon as the club finishes, remembering that passes time out at 5pm**. If the club or activity goes on later (meaning that a student needs to exit school after 5pm) then the teacher in charge will escort the student offsite through the Bute Gardens Gate.

Any pupil found in school unsupervised after 5pm will be reported to the Deputy Headteacher, Ms M Conran.

5 ATTENDANCE & PUNCTUALITY

School attendance levels have fallen nationally post pandemic and this is a concern given the direct link between attendance percentages and outcomes at GCSE. The government's guidance outlines a clear response for schools to listen, empathise, support but to strengthen their procedures to secure high levels of attendance. While this is challenging given the complexities that may surround long term absence, it is something that the school supports.

Our new policy for all year groups puts in place a range of measures to ensure that support is available to you when your child's attendance or punctuality becomes a concern. Indeed, we hope to pre-empt this in some cases, by ensuring that you are frequently notified of the relevant statistics for your child. At the same time, we are strengthening our approach in relation to unauthorised absences.

Why attendance is so important

Regular attendance has a direct link to achievement.

Small drops in 'percentage attendance' have a significant impact and we aim to ensure that our attendance levels remain high at above 96%.

When your child is unwell -clarification

We fully support your decisions to keep your child at home when they are unwell but please take care to limit this to when they are properly too unwell to attend school -for example when they have a temperature or are vomiting.

Having a mild cold or sore throat or tummy ache are not sufficient reasons to withdraw from education.

Medical and Dental Appointments

Please do make every effort to ensure that routine medical and dental appointments are taken outside of school hours. We understand that this can sometimes be hard. If you can only get the appointment within the school day, this should only require half a day's absence, rather than a full day.

Please be aware that we need to be provided with proof of the appointment such as a text or other confirmation of the appointment

Around the school holidays

At Sacred Heart we have a significant problem with parents keeping their children off school just before or just after a school holiday and half terms. We need this to stop. It impacts their percentage attendance and GCSE grades. As a reminder, we do not authorise holidays during term time and all requests for exceptional absence should be sent to the school's Attendance Officer, absent@sacredh.lbhf.sch.uk who will liaise with me for a decision.

Uploading school work

We will not upload work for children to complete at home other than in very exceptional circumstances which are authorised and agreed with parents by senior staff, or in a situation where remote learning is being provided for all. In all instances the uploading of any work would be in the short term only with an agreed timeline for return to school.

If they are home sick, then they are often too sick to do school work. If they are not too sick to work, they would normally need to be in school. Equally we will not upload work for children who are physically well but have been taken out of school for whatever reason.

Mental Health Issues

We are aware that some absences relate to mental health concerns and anxiety. It may be hard for you to get a medical exemption for your child on this basis but we will of course respect medical evidence of mental health concerns that prevent a child attending school. In all cases we will work with you and the student to try to reduce anxiety and ensure their return.

Working in Partnership with you

We do want to work in partnership with you to ensure the best academic provision, formation and pastoral support for your child. If you are struggling in any way to get your child to school in the mornings and on time, then do please get in touch with your daughter's Head of Year through Edulink.

The new policy ensures that we are on hand to speak with you and offer support in relation to attendance and punctuality at all levels and we hope that by clarifying expectations and addressing this at an early stage, we can ensure the continued regular attendance of all our students. See key elements of our Attendance and punctuality Policy are set out below.

Procedure for Reporting Pupil Absence

Parents must contact the school attendance officer by **9am** either by:

- **Leaving a message on the phone** 020 8748 7600 Ext 217; or
- **Email** absent@sacredh.lbhf.sch.uk ; or
- **Messaging using the button on Edulink**

Please ensure that your message gives a detailed reason for your daughter's absence (not just 'she's unwell'). We need you to confirm 'in what way' the child is unwell.

The procedure **must be repeated** every subsequent day of your child's absence.

The Attendance Officer will check the morning register and Period 1 attendance and she must then contact any parent who has not reported their daughter's absence by 9am, as a safeguarding measure. This can be a daunting task, so prompt reporting from parents is really important.

Letter on first day back

On their first day back, students must return to school with a letter from their parents, explaining their absence, again not just saying my child was unwell, but elaborating on the nature of the problem. Students present this letter to their form tutor. Only on receipt of this written confirmation, can the register mark legally be changed from 'unknown absence' to 'unwell'.

Our Attendance Officer reserves the right to not authorise absences if a student returns without written authorisation or the written evidence is dubious.

Three Plans to support regular attendance and good punctuality

The policy includes three plans to support regular attendance and good punctuality. Full detail on these plans is in the policy but see a summary overleaf:

PLAN 1

Universal Support for all students irrespective of their attendance level

This includes

- Regular reminders of the importance of good attendance, through the school newsletter, website, etc.
- Half termly improvement awards for attendance and punctuality awards
- Day of absence phone calls
- Parents informed of attendance levels via Edulink and IPM reports, giving attendance percentages/punctuality data
- Requests for term-time absence to be declined, unless there are exceptional circumstances

PLAN 2

Unexplained or Unauthorised Absence

- We will contact home every day if your daughter is absent and we have not heard from you about her whereabouts. We will obviously escalate action if we are unable to contact you because this becomes a safeguarding concern. It is important that you contact our Attendance Officer not just on the first day of absence, but on every day of the absence: absent@sacredh.lbhf.sch.uk
- If your daughter returns to school but we do not have a sufficient explanation about a previous absence we will on **Day 3**, write to you reminding you of the importance of sending in a note. Notes cannot just say 'my child was unwell', we need more detail than that.
- If we still do not have a sufficient reason for the absence, we will write again on **Day 6** and your child's Head of Year will be in touch for a discussion. Ultimately (and obviously we would hope to avoid this) unauthorised absence can lead to a fixed penalty fine or even in extreme cases, prosecution.

PLAN 3

Half Termly Attendance & Punctuality Monitoring

We have set a series of thresholds which when met, trigger us to send you a letter and provide more support. This includes more meetings with Heads of Year where individualised attendance strategies will be discussed, and if necessary panel meetings with members of the senior team, the local authority and outside agencies.

The first time that we will use these new letters is when we have reviewed attendance for the first half of the Spring Term 2023.

FIRST THRESHOLD, INITIAL SUPPORT

Attendance

- Attendance 93-96%; or
- 1-day unauthorised absence

Punctuality

- 5 late arrivals over a half-term

If your child's records hit this threshold, irrespective of any meetings or calls you may have had with the school we will write to you to keep you informed of statistics. Your child's form tutor will chat with them about any concerns the student may have, as appropriate.

SECOND THRESHOLD, FOR ENHANCED TARGETED SUPPORT

Attendance

- Attendance 90-93%
- 2-5 days unauthorised absence

Punctuality

- 6-10 late arrivals over a half-term

If your child's records hit this higher threshold, irrespective of any meetings or calls you may have had with the school, we will write to you and set up a meeting with the Head of Year and pastoral staff to provide support. The school will carry out an attendance audit and will use the meeting to devise an individualised attendance strategy for your child, as appropriate.

THIRD THRESHOLD, INTENSIVE SUPPORT FOR PERSISTENT ABSENTEES

Attendance

- Persistent Absence, attendance 80-90%
- 6 or more days unauthorised absence

Punctuality

- More than 10 late arrivals

If your child's records hit this high threshold, irrespective of any meetings or calls you may have had with the school, we will write to you and set up a panel meeting to include a member of the school's senior staff and pastoral staff (and on occasion, the local authority) to provide further support which could include referral to outside agencies.

For those on 90% attendance or below, or 10% unauthorised absence, referrals to be made to the local authority although there would be some limited exceptions if a separate plan of action and monitoring systems have been set up.

FOURTH THRESHOLD, USE OF PARENTAL RESPONSIBILITY MEASURES

- Persistent Absence: Attendance 80% or below; or
- Any threshold reached for legal action.

If your child's records hit this final threshold, irrespective of any meetings or calls you may have had with the school, we will write an individualised letter to you with further support. By this stage it is likely that outside agencies would already be involved but if not already done, in all cases a referral would be made to the Local Authority for further support. 50% attendance or below is classified as severe persistent absence.

6 EXAM RESULTS & PROGRESS MEASURE

This section explains how best to compare results and provides a link to the government's comparison tables online.

School exam results normally uploaded in September but remain provisional while we await the outcome of appeals etc.

The Department for Education normally confirm results annually in October.

'Progress 8 Score' Compares Exam Results against students' starting points

'Progress 8' measures across eight subjects, the progress that students make from whatever level they were at when they joined in Year 7, to their outcomes at GCSE. This eradicates differences between schools that relate simply to the different starting point of their students. This can be seen as a measure of **the quality of teaching** at a school.

Every secondary school has a '**Progress 8 score**' which is updated every year by the government after GCSE results have been validated (other than in the pandemic years where GCSEs were replaced by teacher assessed grades).

The government predicts that (all things being equal) students normally progress by two sub-levels every year. The government can therefore predict every students' GCSE results from the day they start at secondary school.

To explain this in the simplest terms:

- If a school's Progress 8 score is **zero** this means that over the eight subjects and across the whole school, students achieved what the government predicted they would achieve. Everything is as expected.
- If a school's 'Progress 8' score is **0.2** then on average, 20% of the grades were one grade higher than expected. So the teaching at that school enabled students to do better than standard progress.
- If a school's Progress 8 score is **-0.1** then on average, 10% of the GCSE grades were a one grade lower than anticipated standard progress.
- If a school's Progress 8 score is **1.0** then on average, 100% of the grades were one grade higher than expected.

The Progress 8 score is a better measure for judging **the quality of teaching in a school** than looking at 'how many' students achieved a particular grade, because it takes account of their starting points. It measures 'value added' by the school above standard progress.

You can compare Progress 8 scores for different schools using this link to the government's performance data for schools. You could enter '**Hammersmith & Fulham**' in the borough box and then select '**Secondary**' to look at us compared to other schools in the borough. You can also go back to find other schools in other boroughs if you wish. [Find School & College Performance Data in England](#)

Note, this comparison website raises caution about comparing schools in the (earlier) Covid years e.g. 2021 when teacher assessed grades were used.

You can access exam results in the Academic tab on the website. This will be updated shortly once we have our full set after a few remarks.

Comparing which schools enable students to study a wide range of subjects

Another measure that is interesting is the number of pupils in a school who take a wide range of subjects known as the 'English Baccalaureate' (Ebacc.) which covers

- Maths
- English Literature
- English Language
- The sciences
- History or Geography and
- A language.

The government wants to ensure that as many students as possible, study this full range of subjects to GCSE Level. The government measures the proportion of students in each school taking GCSEs in the full suite of EBacc subjects to create an EBacc Entry Score for every school. It also publishes the Ebacc Average Points Score (average grade) achieved in Ebacc subjects, by those students who followed this pathway.

As at Sept 2023, our **provisional 2023 Ebacc Entry Score** is **84.7%**

Our **Ebacc Average Points Score** is **6.76**.

You can compare these Ebacc scores to other schools, using the same link included on the previous page.

7 AGREEMENT BETWEEN HOME AND SCHOOL

8 MOBILE PHONES

Many school policies can be found on the school website in the 'About Us' tab.

The school's Mobile Phone Policy has recently been updated to recognise our new use Yondr pouches. It sets out the rules regarding mobile phones.

School rules about mobile phones also cover their use of phones while offsite.

All Students are allowed to bring mobile phones to and from school to ensure their personal safety at all times.

Students in Years 7-11

A signed agreement about the mobile phone rules must be in place between the parent/carer and the school for students in Years 7-11 to be allowed phones in school. If a Year 7-11 student brings their phone to the school, then it must be completely switched off (and silent/no vibrations) and placed in its Yondr pouch and locked at AM registration and may only be unlocked as the students leave school. There are unlocking stations at all exits from the school.

For the avoidance of doubt, for Years 7-11 phones are not to be used at all while on the school site.

Parents wishing to contact their child during the school day should ring the school. Please do not contact your child on their mobile phone because these will be switched off while they are at school. We have a well-established and efficient system for getting messages to children and pastoral support if it is needed.

Sixth Formers

Sixth Formers may use their phone before/after school, during break and lunchtime in designated Sixth Form areas only. Phones, headphones or earbuds etc. are not allowed to be used or seen in the corridors or any of the main school areas shared with other year groups, at any time of the day.

Sixth Formers may not use mobile phone during lessons or in supervised study, unless the teacher specifically allows it as a teaching/learning tool, in which case the teacher will provide permission on a lesson-by-lesson basis.

Phones must be switched off (not just put on 'silent') during lessons and placed in school bags/pockets. They should not be left out on desks or left charging.

When talking to a member of staff on the school site, sixth formers must immediately put phones away and/or remove headphones/earbuds etc.

Sixth Formers may not use their mobile phone in the toilets or changing rooms. This is to protect the privacy and welfare of other students.

Sanctions

Any student found using or known to have used their phone in contravention of this policy will have the phone confiscated. Schools are permitted to confiscate phones from children under sections 91 and 94 of the Education and Inspections Act 2006.

Any refusal to hand a phone over to members of staff will result in a follow up sanction in line with the school's Behaviour Policy. This would constitute the refusal of a reasonable request by a member of staff.

Once confiscated, the phone will be passed to Student Services for safe keeping and the Student Services team will contact the parents before the end of the day to ask

them to come in to collect it, **normally the following day** (or later if this is not convenient for them).

Confiscated phones will not be handed back to students.

If the student is a repeat offender the school will request a parent/carer to come in and collect the phone from the school after **two weeks**.

If we have reason to believe the phone contains pornographic images, or if it is being/has been used to commit an offence or cause personal injury, staff have the power to search children's phones. This will always be done by a member of the Senior Leadership Team with a member of the pastoral team.

Certain types of conduct, bullying or harassment can be classified as criminal conduct. The school takes such conduct extremely seriously, and will involve the police or other agencies as appropriate. Such conduct includes, but is not limited to:

- Sexting
- Threats of violence or assault
- Abusive calls, emails, social media posts or texts directed at someone on the basis of someone's ethnicity, religious beliefs or sexual orientation

Year7-11 Mobile Phone Acceptable Use Agreement

This agreement is issued from the school office. Further copies for signing can be requested from info@sacredh.lbhf.sch.uk

This agreement that has recently been updated to reflect our new Yondr pouch system will be circulated to parents and carers to sign via Edulink.

The following rules must be obeyed if a student brings their mobile phone to school:

1. The phone must be **completely switched off** (not just put on 'silent') and locked in Yondr pouch at AM registration. The phone must remain locked in its pouch at all times while on school premises, including at break and lunch and in any after school club. It may only be unlocked on exit from the site.
2. For the avoidance of doubt students may not use their mobile phones in school including during lessons or activities, or in the toilets or changing rooms. This is to protect the privacy and welfare of other students.
3. Students may not take photos or recordings (either video or audio) of school staff or other students.
4. Students should avoid sharing their contact details with people they don't know, and students should not share other people's contact details without their consent.
5. Students must not share their phone's passwords or access codes with anyone else.
6. Students must not use their mobile phone to bully, intimidate or harass anyone. This includes bullying, harassing or intimidating students or staff via email, text/messaging apps and social media.
7. Students must not use their phone to send or receive anything that may be criminal. For instance, by 'sexting'.
8. School rules on bullying, harassment, and intimidation apply to how students use their mobile phone **even when they are not in school**.

9. Students must not use vulgar, obscene or derogatory language while on the phone or when using social media. This language is not permitted under the school's Behaviour Policy.
10. Students must comply with a request by a member of staff to switch off, or turn over, a phone. Refusal to comply is a breach of the school's Behaviour Policy and will be dealt with accordingly.

Mobile phones are not permitted in any internal or external exam or test environment even in Yondr pouch.

If students have a mobile phone, they will be asked to store this appropriately, or pass it to an exam invigilator, before entering the test room. Bringing a phone into the test room can result in the student's exam being declared invalid. This is understood and we agree to the above.

9 BEHAVIOUR

The school has a Behaviour Policy on its website that clarifies the behaviour that we expect from students (not only 'in school' but in some instances, also outside of school) and it makes clear the system for rewards but also of sanctions.

Behaviour is part of the curriculum taught at Sacred Heart and this contributes to the maintenance of a safe and calm atmosphere for learning. The support and engagement of parents and carers is an important component of the approach.

Safeguarding and Counselling

Often students misbehave because they are experiencing some difficulty which they find hard to handle. The school is always helped by knowing if there are any serious problems at home that may affect the student in any way.

Such information will be handled confidentially and parents and students should feel confident in telling either the Pastoral Support Manager or their Head of Year or a member of the Senior Leadership Team or the Headteacher what is happening. You can find staff names on the school website under 'About Us' and the 'Contact Us' tab, explains who to contact and how to contact them.

Occasionally, it is helpful for a student to have the possibility of talking to someone who is neither a parent nor a teacher nor a friend of the same age. The school is able to make available the services of a counsellor each week.

Except in cases of abuse, which legally must be reported, nothing that a girl says to the counsellor will ever be repeated to another adult or child. Nor will any member of staff ever request information from the counsellor about an individual.

Any student may make use of the counsellor. Occasionally, this will be suggested to a student and/or her parents as a way of helping her deal with problems or pressures in such a way that her self-esteem is built up.

The Behaviour Policy

The Behaviour Policy explains among other things:

- The guiding principles of our approach, such as consistency and fairness;
- our behaviour curriculum (what we teach) which focuses on the positive - how we want students to behave - but also includes clarification on what is not acceptable;
- how we use praise and rewards;
- the legal powers we have (and the limit of them) as regards searching students and their possessions;
- how sanctions are used and the sanctions themselves, including very rarely, permanent exclusion; and
- interventions used to help a student improve their behaviour.

Additional detail is provided in separate policies relating to Drugs, Anti-Bullying and Mobile Phones. A specific Exclusions Policy sets out the detailed process for suspensions and permanent exclusions and your rights for a review in relation to these. Such rights would always be communicated to you at the time. Students are also required to sign an agreement regarding their use of school computers.

All of these policies are available for you to read on the school website within the tab 'School Life'.

Our sanctions are used to help us educate your child about acceptable behaviours and we hope to have your full support in this. Some extracts and summaries from the behaviour policy are set out overleaf and in various sections of this pack.

What we teach about behaviour: At Sacred Heart we teach students what bullying means and the impact it has. We make clear our proactive approach to preventing instances of bullying.

The school also ensures a whole-school approach that prepares students for life in modern Britain ensuring the education of British values to create a culture of zero tolerance for sexism, misogyny, misandry, homophobia, biphobic and sexual violence and harassment.

The five goals of Sacred Heart Education which form the basis of our ethos provide a framework for promoting positive behaviours across the curriculum and students work towards becoming Goals Graduates, see overleaf.

Behaviour Curriculum: The Goals of Sacred Heart Education

SH 1. Active Faith

Rooted in the love of Jesus Christ, our schools promote a personal relationship with God and foster the spiritual life of its members. They seek to create an atmosphere where the attitudes of the open Heart of Jesus are reflected in all: attitudes of respect, compassion, forgiveness and generosity. The development of Faith is at the centre of our life as Sacred Heart schools and its presence should be visible in the daily interaction between all in the community.

SH 2. Valuing Intellect

Our schools foster in each person a love of learning. The education provided is creative, rigorous, challenging and promotes critical thinking. All members of the community are given opportunities to progress, to flourish and to develop their gifts and talents.

SH 3. Social Awareness

At the heart of our charism, bringing all the Goals together, we prioritise Social Awareness that impels to action. This gives our whole school community the tools, knowledge, values and opportunities to learn how to address injustice, conflict resolution and environmental issues, thus becoming agents of change.

SH 4. Building a Community

Building a sense of community is essential for society and is a priority for schools which are rooted in and living out Gospel values. At the heart of life in a Sacred Heart School are activities which promote this sense of community. Our heritage and the schools network bring an added dimension to our experience of identity and community. The attitudes, skills and the relationships developed in school raise awareness for each one of a shared world where partnership and responsibility are vital.

SH 5. Personal Growth

The Goal of Personal Growth affirms the uniqueness and worth of each individual member of the school community. It aims to provide opportunities for self-development, personal formation and self-knowledge as well as to encourage the sharing of gifts and talents for the benefit of the community and society as a whole.

10 STAGES OF PRAISE & APPROPRIATE REWARDS

At Sacred Heart we believe that if all staff are consistent in their approach and response to Level 1 positive behaviours that this in effect, increases the numbers of further positive behaviours beyond Level 1. Collectively as a school community we give clear messages about the expectations and boundaries of learning and living in a school community. Staff therefore are asked to consistently celebrate and reward Level 1 behaviours at the time, wherever it occurs in school.

Rewards for Positive Behaviour

All such achievements are be logged onto the school's recording system - SIMS. Our collective approach to behaviour education is in keeping with our Catholic Ethos. As staff we seek to creative positive classroom climate where positive attitudes to living and learning are acknowledged and negative attitudes are challenged and re-directed.

We acknowledge that our students are in the process of a massive transformation from children to adults and during this period they will make choices which may be risky and challenge social norms. It is our responsibility as adults, in collaboration with parents, to sustain boundaries, rules and expectation of our school while at the same time supporting our students pastorally through this period of social, emotional and intellectual challenge.

11 SEARCHING, SCREENING & CONFISCATION OF BANNED ITEMS

Screening

The law allows schools to screening students using a walk-through or hand-held metal detector, arch or wand, even if they do not suspect them of having a weapon and without the consent of the students and/or parents. Any member of staff can screen students. Sacred Heart reserves the right to conduct regular random screening searches to ensure that the school's policies regarding banned items are being adhered to.

Searching

The school will always seek to secure informed consent from a student prior to any search. Some items (the 'Prohibited Items' listed above) can be searched for even without consent and there are specific rules listed in the policy about how a search would be undertaken and also the law on 'the use of reasonable force'. Staff will never conduct a 'strip search' although police have the legal power to do this. The school would advocate for student wellbeing at all times and parents and carers will always be informed of any search for a 'Prohibited Item' and the outcome as soon as is practicable.

Confiscation

The law allows a member of staff to confiscate, retain or dispose of a student's property as a punishment, so long as it is reasonable in the circumstances. The law protects staff from liability for damage to, or loss of, any confiscated items provided they have acted lawfully.

12 STUDENT COMPUTER RESOURCES POLICY & ACCEPTABLE USE

The school has provided computers for use by students in school and on some occasions, at home, offering access to a vast amount of information for use in studies, acting like an enormous extension to the school library and offering great potential to support the curriculum.

The computers are provided and maintained for the benefit of all students, and students are encouraged to use and enjoy these resources, and help to ensure they remain available to all. Students are responsible for good behaviour with the resources and on the internet just as they are in a classroom or a school corridor.

Students are reminded that access is a privilege, not a right and inappropriate use will result in that privilege being withdrawn.

A copy of the text from agreement that students sign regarding their use of computer resources is shown as a reminder.

Acceptable Use Agreement, Dec 2023

EQUIPMENT

- Always get permission before installing, attempting to install or storing programs of any type on the computers.
- Damaging, disabling, or otherwise harming the operation of computers, or intentionally wasting resources puts your work at risk, and will result in access being withdrawn.
- Only use the computers for educational purposes. Activities such as buying or selling goods are inappropriate.
- Always check mobile equipment (e.g. laptops, tablet PCs, PDAs etc.) with antivirus software, and ensure they have been found to be clean of viruses, before connecting them to the network.

GUIDELINES FOR AI USE

- **Supplemental Aid:** AI can be used as a tool for assistance in brainstorming ideas, understanding complex texts, or improving grammar and syntax. However, the bulk of the thinking, analysis, and composition should be your own.
- **Reference and Citation:** If significant insights or phrases are borrowed from AI, these should be properly cited, much as you would cite a human source.
- **Clarification, Not Substitution:** Use AI for clarifying doubts or seeking explanations, not as a shortcut to avoid reading, analysis, and comprehension.
- **Learning, Not Completing:** Use AI as a tool for learning, not just for task completion. Your primary goal should be understanding and skill development, not simply finishing an assignment.
- **Tutoring, Not Completing:** Use AI to ask questions as you would your teacher. Just as your English teacher would not provide "what are the answers," neither should AI.

13 USING SANCTIONS

Lateness

Students are expected to be in school by 8.15am and will be officially recorded as late if they arrive after 8.25am when the Bute Gardens Gate closes (other than in the case of unavoidable and TfL reported, public transport disruption). Late students are given an automatic 30 minute 'Late Detention' on the day.

Please can parents not call the school to provide reasons for lateness other than in the most extreme of circumstances, such as a bereavement. The 30-minute detentions will be used irrespective of whether a child is 2 minutes late or 20 minutes late and irrespective of whether a train was slightly late etc. We are teaching students about how much time to allow to cover unforeseen events and **the importance of promptness** and ask for your support in this. The way to help avoid this is for students to plan to be at school by **8.15am as expected**.

If a student is late to school more than once in the same week, then they will be required to attend a 90-minute 'SLT detention' in place of a further standard 'Late Detention'.

Detentions

Parents and carers should be advised that in line with changes resulting from the Education Act 2011, the school is no longer required to give 24 hours' notice of longer length detentions. In exercising its right to take same day action as required, the school will make every reasonable attempt to inform parents by a variety of means including email, text or phone call, of detentions longer than 15 minutes.

Removal from Classrooms

Removal from classrooms (where a student, for serious disciplinary reasons, is required to spend a limited time out of the classroom at the instruction of a member of staff) will only be used

- to maintain the safety of all students and to restore stability following an unreasonably high level of disruption;
- to enable disruptive students to be taken to a place where education can be continued in a managed environment; and
- to allow the student to regain calm in a safe space.

The continuous education would be provided. This may differ to the mainstream curriculum but should still be *meaningful* for the student. Parents/carers would be informed on the same day, if their child has been removed from the classroom. Care will be taken to ensure that the length of the internal suspension will be fair and proportionate given the seriousness of the incident, and (if similar circumstances exist for others) consistent

Suspensions and Permanent Exclusions

Only the Headteacher (or the Acting Headteacher appointed in her absence) has the power to suspend (temporarily) or permanently exclude a student from school and this must be on disciplinary grounds. The school's Exclusions Policy will be followed at all times. Suspensions or permanent exclusions may be used in response to persistent or serious breaches of the Behaviour Policy. A serious breach may include but is not limited to '*Level 3 Behaviours*' as listed below.

A permanent exclusion will only be used **as a last resort** and a decision to exclude a student permanently will only be taken in response to a serious or persistent

breaches of the Behaviour Policy; and where allowing the student to remain in school would seriously harm the education or welfare of the student or others in the school.

24 CONTACTING THE SCHOOL WITH A CONCERN

The philosophy of Sacred Heart Education championed by our trustees (the Society of the Sacred Heart) permeates our school. It emphasises among other things, the importance of relationships. Kindness and respect for one another (not just between students but also between parents and the school) are key.

It is hoped that most concerns can be expressed and resolved on an informal basis but depending on the nature of the concern, this should be raised with the form tutor, subject teacher, head of year, subject lead or in exceptional circumstances, the headteacher.

A staff list is available on the school website within the 'About Us' tab [Staff List](#)

Details of who to contact about different things (and how) is available in the 'Contact Us' section of the school website [Contact Us](#)

If you are unsure of who to raise your concern with, please contact Mrs. M Conran (Deputy Headteacher) for advice. Ms Conran acts as our Complaints Coordinator. You can email her using concern@sacredh.lbhf.sch.uk

Governors

Parents should not approach individual governors to raise concerns or complaints unless it relates specifically to the headteacher, in which case you should email the Chair of Governors (Glen Hodgson) via the Governance Professional (Alex Dijkhuis) using this email address: governors@sacredh.lbhf.sch.uk

Governors have no power to act on an individual basis and being contacted may then prevent them from being able to consider the matter later, if you are not satisfied with the response from the school.

For the avoidance of doubt, the role of 'parent governors' is not to act as a representative for parents. Parent governors contribute to governors' meetings in their own right, offering a parent perspective.

Parent WhatsApp Groups

We understand how parents sometimes find it helpful to be in communication with one another on social media. It is however inappropriate for parents to discuss concerns about the school on unregulated social media groups, where misinformation (fake news) becomes amplified. We all need to take care about the information that we publish in this manner.

It is also a serious safeguarding risk if any student's name is ever included by parents in a comment on such groups. Any concerns you have should be raised directly with the school.

We also recognise that we have a part to play in this, keeping you informed as appropriate (within the bounds of proper confidentiality constraints) and responding to emails.

Contacting the School

We ask that parents and carers treat members of staff with respect and courtesy at all times when contacting the school and we commit to responding to you in the same respectful manner.

Often when incidents occur in school, the school is bound by issues of confidentiality or safeguarding and it is not always appropriate for us to share everything about what happened. We do however want you to feel that communication lines are good and we have lots of detail on our website about names of staff and exactly who to contact about what, as shown in the links above.

The school policy regarding concerns and complaints (The Complaints Procedure) is available on the school website. Staff will not be able to answer emails immediately because many will have full teaching timetables and will also have work to do after school. The policy however commits staff to acknowledge your concern in writing within 5 days and to respond fully within 15 days, copying in the School's Complaints Coordinator (even for lesser concerns). Most concerns however should be straightforward and we will do all we can to respond to you as soon as possible within these timeframes.

If you remain unsatisfied then the matter can be escalated to a formal complaint to the headteacher and if you still remain unsatisfied, the matter can then be reviewed by governors. See full detail in the Complaints Procedure on our website.

We will continue to review and evaluate our communications with parents and carers. We hope to work together with you in a professional and courteous manner, where views can be expressed and responded to efficiently.
